

American Global Logistics Named One of 2017's Best and Brightest Companies to Work for in the Nation®

12.19.17—Atlanta, Ga.: American Global Logistics (AGL) announced today that it has been named one of “2017’s Best and Brightest Companies to Work for in the Nation®” by the National Association of Business Resources. The Best and Brightest Companies to Work For® program recognizes companies that deliver “exceptional human resource practices and an impressive commitment to their employees.”

Based in Atlanta, American Global Logistics is one of the fastest-growing and most respected international supply chain and logistics solutions companies in the world. AGL’s technology solutions extend beyond the walls of ocean, air, and domestic transportation services for customers across the globe.

“This great honor validates the culture of teamwork and innovation that we’ve endeavored to build at American Global Logistics,” said Jon Slingerup, Chairman and CEO, American Global Logistics. “We believe in a culture where all employees are empowered to continuously improve their knowledge and skillsets as we work together to provide powerful, purpose-built solutions for our customers.”

In August, AGL was named one of [Inc. Magazine’s Best Workplaces for 2017](#), the publication’s second annual ranking in the fast-growing private company sector. In 2016, AGL was named one of the country’s Top 50 “[Great Places to Work](#)” by Fortune in 2016.

The Best and Brightest Companies to Work For® competition identifies and honors companies that deliver exceptional human resource practices and an impressive commitment to their employees. Organizations are assessed based on categories such as communication, work-life balance, employee education, diversity, recognition, retention and more.

About American Global Logistics

Founded in 2007, American Global Logistics is a specialized supply chain software and services company that provides end-to-end multi-modal transportation solutions, customs brokerage, compliance consultation, carrier allocation management, warehousing, distribution, and advanced purchase order management to select customers. Its proprietary cloud-based technology provides real-time shipment visibility and forecasting and an accountability-based customer service model allow customers to deliver a consistent experience to their end-users. AGL’s client base represents a broad range of industries including automotive, food, household goods and furniture, and represents some of the US’s largest importers and exporters.
